

Application No. Not Yet Assigned
Amendment dated September 1, 2006
First Preliminary Amendment

Docket No.: 31671-235624

REMARKS

The amendments to the specification and abstract correct an obvious error: $\alpha s1$ casein is clearly the main protein of milk casein, rather than of " αs " casein. A similar amendment has been made to claim 1. No new matter has been added by the amendments.

The claims have been amended to correct an obvious error and to reduce the number of claims.

Should no remittance be attached, or should any greater or lesser fee be required, please charge or credit our Account No. 22-0261 and advise us accordingly.
